

LE FRUIT DÉFENDU

LE FRUIT DEFENDU Vin de France Rosé 2023

Vin de France, VSIG, France

A true Rosé of pleasure to accompany beautiful summer evenings with friends!

PRESENTATION

The name comes from a very old plot of Cinsault which at the time was a somewhat despised grape variety: our winemaker neighbors advised us to uproot it. But we fell in love with the wines it produced, with an incomparable finesse and fruitiness.

TERROIR

We buy grapes from neighboring winemakers on predominantly clay-limestone terroirs.

IN THE VINEYARD

The vineyards are worked according to the rules of the art with always the greatest respect for the environment.

Machine harvesting to allow us to harvest grapes in the cool of the night.

WINEMAKING

Direct pressing after a short skin maceration, fermentations at controlled temperature - but not too cold to avoid a technical aspect - early bottling.

AGEING

In stainless steel tank, bottled from early January.

VARIETALS

Cinsault, Grenache noir

SERVING

Serving temperature 10°C

AGEING POTENTIAL

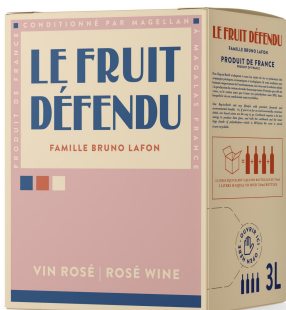

Enjoy all year long

TASTING

Beautiful pale color, very fresh nose, with lovely citrus notes, fruity and balanced palate: a rosé pleasure par excellence.

FOOD PAIRINGS

A must for the aperitif, it will also elegantly accompany rice and pasta dishes as well as grilled fish.
